# COOKING

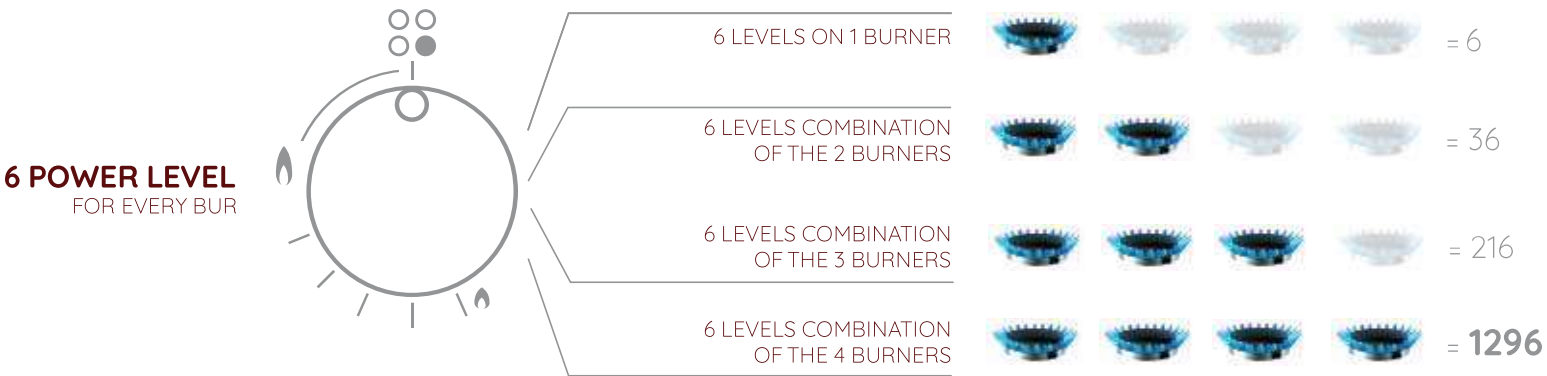

# Multi-Level Flame Regulation. Perfect flame control.

## 6 POWER LEVELS, INFINITE FLEXIBILITY

The 6 different power levels not only enable maximum precision, but also exceptional versatility in cooker use: up to 1296 possible combinations when using all 4 burners simultaneously.

## HIGH EFFICIENCY = BEST RESULTS

The new burner conformation perfects the gas jet, to produce a more direct and vertical flame. Result: less heat dispersion and 20% more efficiency, creating obvious savings in time and resources.

STANDARD\* BURNER  
\*Medium-fast burner.

HIGH EFFICIENCY BURNER\*  
20% MORE EFFICIENT

A close-up photograph of several cylindrical objects, possibly food items like sausages or candy, arranged vertically. The objects are in various shades of red, orange, and yellow, suggesting they are cooked or roasted. The lighting is bright, creating a warm, glowing effect. A dark green rectangular box is overlaid on the top left, containing the word "COOLING" in white capital letters.
